Profile

I'm a young passionate Software Development enthusiast that loves to code more than anything.

Education

ACADEMY+PLUS (2016-2017)

This is where I learned how to work under pressure, be a team-player, respect deadlines, learn new technologies and adapt to a new environment quickly.

LICEUL TEORETIC "ONISIFOR GHIBU" MATHEMATICS AND COMPUTER SCIENCE (2015-PRESENT)

Experience

JAVASCRIPT DEVELOPER AT LOLA LOLA TECH (2017)

FREELANCE WEB DEVELOPMENT PROJECT FOR TOTHEQUIP

Technical skills

Advanced JavaScript (ReactJS, React Native, NextJS, NodeJS, ExpressJS, GraphQL, ElectronJS)

Machine Learning Using Python (PyTorch, Keras, ScikitLearn)

NoSQL (MongoDB), Unit Testing, Basic GoLang, C, UNIX, Git version control system

Amazon Web Services and Google Cloud

Sketch app, Photoshop.

Personal projects

GEM ([HTTPS://GITHUB.COM/C0Z0/GEM](https://github.com/C0Z0/GEM))

Universal React app built with Next.js and GraphQL for keeping your online finds.

SENTIMENT CLASSIFIER ([HTTPS://GITHUB.COM/C0Z0/SENTIMENT-CLASSIFIER](https://github.com/C0Z0/SENTIMENT-CLASSIFIER)):

Deep neural classifier trained on Rotten Tomatoes movie reviews.

Other Experience and knowledge

Advanced English and Romanian skills and lots of leadership skills (being long time member of the Romanian Scouts).
